

30-Series Couplers

THE 30-SERIES KADEE® MAGNE-MATIC® COUPLER ASSEMBLY MAY BE MOUNTED FROM THE TOP OR MOUNTED FROM THE BOTTOM. ALSO THE DRAFT GEAR ASSEMBLY MAY BE INVERTED FOR ADDITIONAL VARIATIONS IN COUPLER MOUNTING HEIGHTS.

Kadee® Couplers are world renowned for their fidelity to the prototype and proportioning. Our Couplers are manufactured to the most exacting standards. Non-magnetic metal or high strength engineering plastic is used in the manufacture of Kadee® Magne-Matic® Couplers.
