

E & C SHOPS

COAL PORTER HOPPER

No.5® COUPLER CONVERSION

1. Remove and discard E & C Shops couplers.
2. Place Centering Spring over cast-on coupler centerpost. Place the No.5® Coupler onto coupler centerpost and Centering Spring. Place E & C Shops lid over coupler assembly. Secure with furnished screw. See Fig.1.
3. Check for correct coupler height, function, and clearance and make any adjustments necessary.
